Me and My Family

Learning Objective

To learn about:

★ Family

★ Family Members

Warm Up

Presumption/Critical Thinking

CG-4, CG-4.1

All About Me

Let us know more about you. Fill in the blanks below carefully.

- I am a _____ (boy/girl).
- My name is _____.
- I am _____ years old.
- My mother's name is _____.
- My father's name is _____.
- The name of my school is _____.
- I study in class _____.
- I live in _____.
- My address is _____.
- My phone number is _____.

Paste your
Picture here

After filling in, read your answers aloud in the class.

Look around at your classmates. Do they look alike? No, each one is different.

They have different smiles, voices and ways they play.

Every child is **unique** in his own way.

You are unique and wonderful, too!

Teacher's Treasure

Experiential Learning

Tell the children that each person is different and special in their own way. Show them the video and help them say the poem together.

Tick the activities you like with a green crayon and cross the ones you do not like with a red crayon.

Playing in the park ☐

Singing and playing music ☐

Reading books ☐

Dancing ☐

Watching television ☐

Fighting ☐

Family

A **family** is a group of people who love and help each other. Families can be big or small, but they always care for one another. Let us learn about the different kinds of families.

Types of Families

A family may be small or large.

Small Family

A family with parents and one or two children is called a **small family**. It is also known as a nuclear family.

Joint Family

Some families are very big. In these families, grandparents, parents, uncles, aunts and their children live together. Such families are called **joint families**.

Single-Parent Family

A single-parent family has one parent only, either a mother or a father.

Knowledge of India

Ziona Chana's family is the largest family in the world. The whole family lives together in one big house in a village called Baktawng in India.

Family Members

The people who live with us in our house are called our **family members**.

Let's Get Active!

Intellectual Development/Art Integration

CG-4, CG-4.1, Cg-12, CG-12.1

Draw a picture of your family. Is it a small family or a big family? Write two or three lines about your family.

Beyond the Page

Presumption/Experiential Learning

CG-5, CG-5.1

How do you help your family at home?
(Think about how you help your mother, father, brother or sister.)
Tell your answer to the class.

Our mother and father are called our **parents**.

Our brothers and sisters are called our **siblings**.

Our **grandparents** are the parents of our mother and father.

We have **uncles** and **aunts** who are the brothers and sisters of our parents.

The children of our uncles and aunts are called our **cousins**.

Some families also have pets like dogs or cats.

These **pets** are also members of our family.

Teacher's Treasure

Experiential Learning

Ask the students to talk about their families. Encourage them to share their thought about their family members.

Smart Sparks

Testimony

You can call your family members on the phone if they live far away.

Let's Get Active!

Presumption/Critical Thinking

CG-4, CG-4.1, CG-4.3

Think about your family. Can you name one of your cousins? What fun games do you like to play with them?

Beyond the Page

Intellectual Development/Experiential Learning

CG-9, CG-9.3, CG-9.4

Ask your family members about their favourite things and fill in the blanks:

Father

Favourite food : _____

Favourite colour : _____

Mother

Favourite food : _____

Favourite colour : _____

Brother/Sister

Favourite game : _____

Favourite book : _____

Grandfather/Grandmother

Favourite thing : _____

Favourite place : _____

Smart Sparks

Testimony

Family members may like different **hobbies** and games, but they can still enjoy time together.

Let's Sum It Up!

1. A small family has only a few people, like a mother father and children.
2. A joint family has parents, siblings, grandparents, uncles, aunts and cousins.
3. Family members are the people who live with us at home.
4. Pets like dogs and cats are also part of the family.
5. We should always be kind and respectful to all family members.

Smart Words

★ **unique** : special and different from others

★ **pets** : animals that live with us

★ **hobbies** : fun activities we like doing

Brain Play

A. Choose the correct option.

Remembered Perception/Conceptual Understanding

CG-4, CG-4.1, CG-4.5, CG-4.7

1. We should say _____ (thank you/sorry) when someone helps us.
2. The children of our uncle and aunt are our _____ (friends/cousins).
3. Our grandparents are the parents of our _____ (parents/cousins).
4. Our brother or sister is our _____ (sibling/uncle).
5. A family with grandparents, uncles, aunts and cousins is a _____ (joint family/small family).

B. Fill in the empty boxes.

Remembered Perception/ Critical Thinking

CG-4, CG-4.1

1. The people who live with us in our homes are our family
2. The children of our uncles and aunts are our
3. Our mother and father are our
4. I live with my
5. My brother or sister is my

M		M		E

C. Write T for true and F for false statements.

Remembered Perception/Critical Thinking

CG-4, CG-4.1; CG-7, CG-7.1

1. A small family has many people living together.
2. Sharing toys with others shows love and respect.
3. We should not say 'Thank you' to our family members.
4. We all look the same in our class.
5. Our grandparents are the parents of our mother or father.

D. Match the columns.

Mental Development/Critical Thinking CG-4, CG-4.1

Column A

1. brother and sister
2. mother and father
3. children of aunts and uncles

Column B

- a. cousins
- b. siblings
- c. parents

E. Answer the following questions.

Mental Development/Critical Thinking CG-4, CG-4.1

1. What is a family?
2. What is another name for a small family?
3. What do we call our brothers and sisters?

LEARNING LAB

Activities that spark thinking and creativity!

Picture-based questions.

Direct Perception/Critical Thinking

CG-4, CG-4.1; CG-7, CG-7.1

Look at the picture and answer the following questions.

1. How many family members can you see in the picture?

2. Identify the type of family shown in the picture.

ART Integration Activity

Intellectual Development/Creative Thinking

CG-12, CG-12.1, CG-12.3

Create a colourful photo frame with simple decorations and write the names of your family members inside it.

Unscramble the words.

Mental Development/Problem Solving

CG-9, CG-9.7

1. FMAIYL

2. NCULAERYMAIFL

3. JIOTNLMAFYI

Life Skills

Emotional Development | Experiential Learning

CG-5, CG-5.1

Learning to Share and Care

- ★ We should help our family members at home.
- ★ We should share our toys and books.
- ★ We should say please, thank you and sorry.

Ask your mother or father how you can help today. You could clean your room, water the plants or help to set the table.

Vocational Education

Intellectual Development/Future Ready

CG-13, CG-13.3

Everyone in the family has jobs to do. When you grow up, you can become a cook by helping your mother in the kitchen. If you care for sick family members and grandparents, you can become a doctor one day.

2

Our Body

Learning Objective

To learn about:

- ★ Parts of the body

Intellectual Development/Experiential Learning

CG-2, CG-2.4, CG-7, CG-7.1, 7.2

Warm Up

Kiara woke up, rubbed her eyes and gave a big yawn. She smelled mummy's yummy breakfast and skipped to the kitchen. Later, at school, she ran with her friends. Her legs moved quickly, her heart thumped fast and her lungs helped her breathe. "Hurray! My body helps me to do many things!" she smiled.

1. Which body part helps you run and jump?

2. Which body part helps you smell hot food?

3. Which body part helps you pick up your favourite toy from the floor?

4. Which body part helps you kick a ball while playing football?

Parts of Our Body

Our body has many parts. Each part has a special job to do.

The parts we see are called outer body parts.

The parts inside our body that we cannot see are called inner body parts.

The picture on the next page shows the body parts we see.

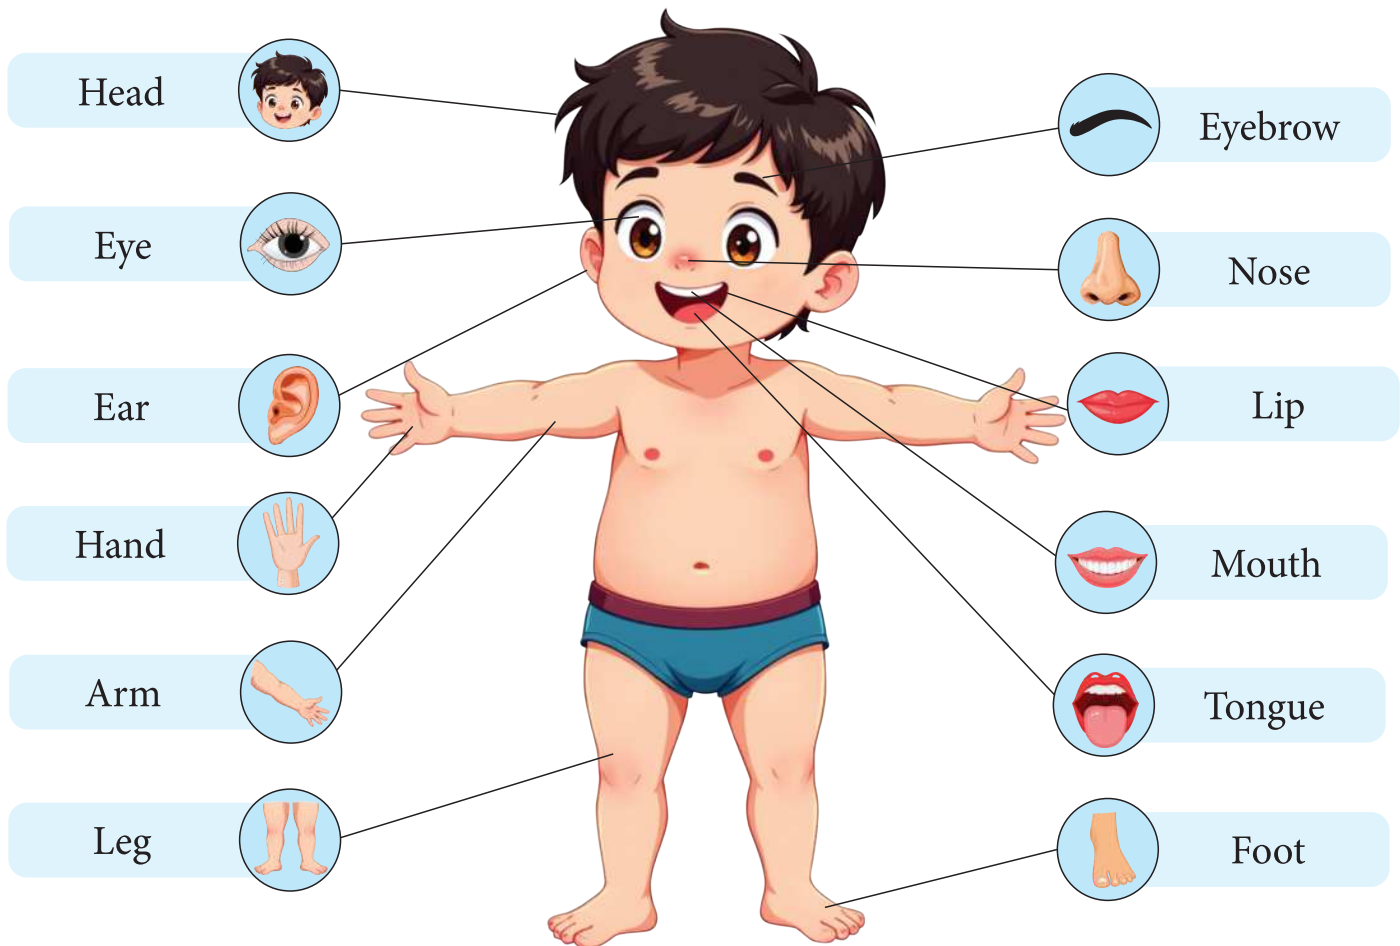

Teacher's Treasure

Experiential Learning

Ask the children to point to their body parts as you speak about them. This helps them learn and remember better.

Parts of Body

Let us know more about them:

Head

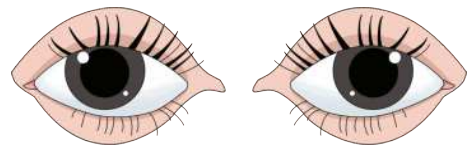

The head is the top part of our body. It is the boss of our body because it has many important parts that help us to see, hear, smell, taste and think.

Eyes

We have two eyes. Our eyes help us to see things around us.

We can open and shut our eyes.

Our eyes **blink** on their own.

Nose

We have one nose.

We use our nose to take in **breathe**.

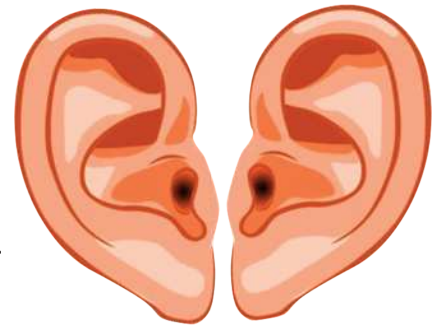

Our nose helps us to **smell** many things.

Ears

We have two ears.

Our ears help us hear sounds and listen to people.

For example, we can enjoy our favourite songs with our ears.

Mouth

We use our teeth to chew our food. We keep them clean by brushing twice a day.

We have a **tongue** in our mouth that helps us to taste food.

We also have two lips that help us to smile.

Smart Sparks

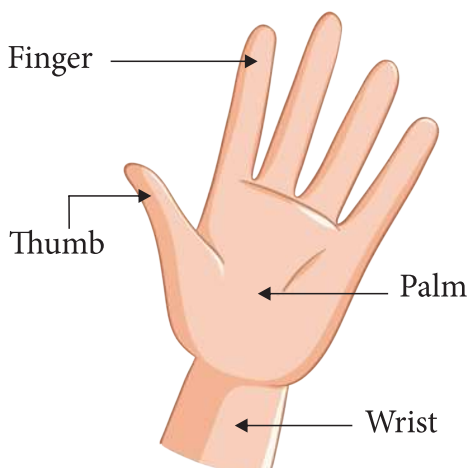

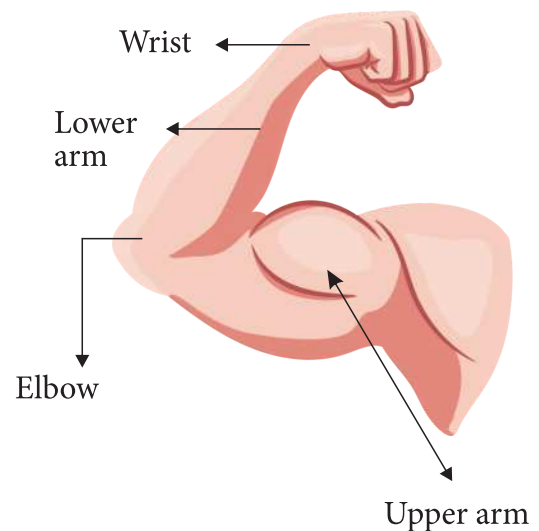

Testimony

Your mouth makes about one litre of watery spit every day.

Arm

We have two arms. We can bend our arms at the **elbow** and move our hands at the **wrist**.

Our arms help us to carry things and do many different jobs.

Fingers

We have ten fingers, five on each hand.

Our fingers help us to hold and grab things.

Let's Get Active!

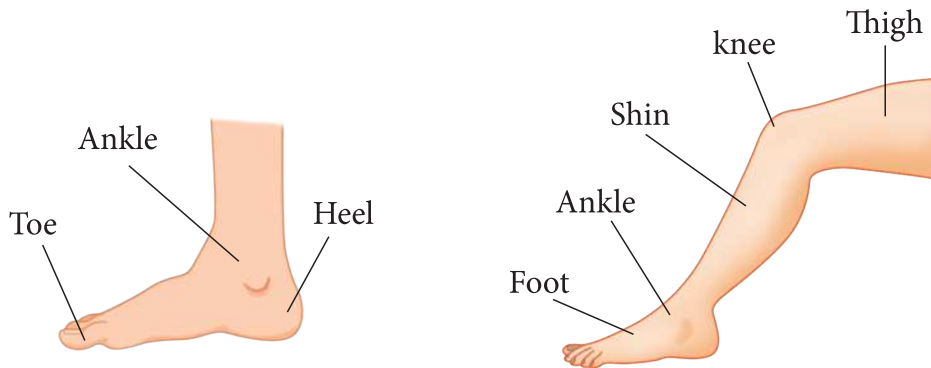

Experiential Learning

CG-3.1

1. What can you do with your eyes?
2. How many fingers are on one hand?

Legs

We have two legs. We can bend them at the knees. We move our feet at the ankles. Our legs help us to walk, run, jump, sit, stand and kick balls.

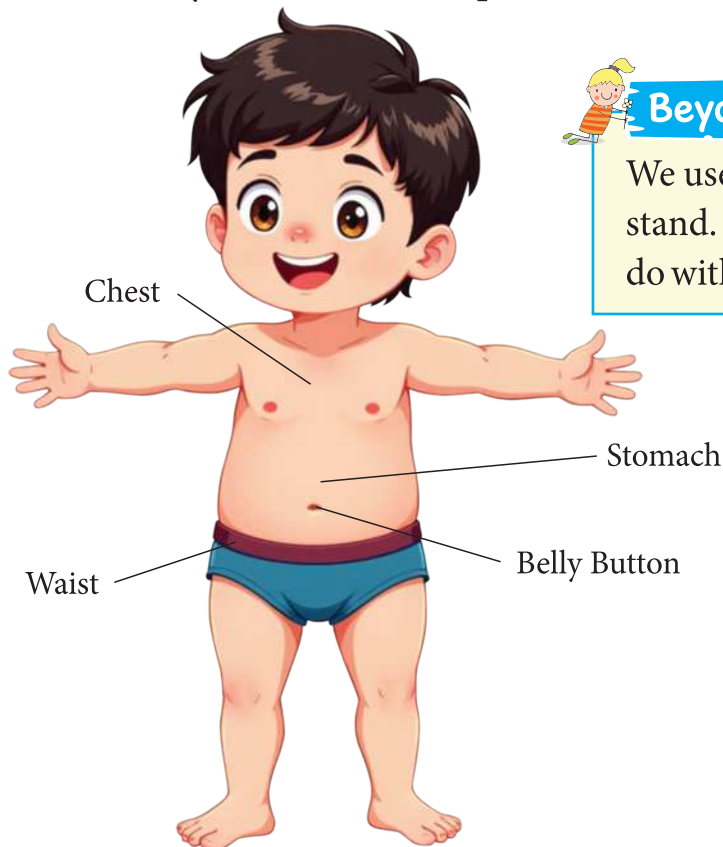

Let's Get Active!

How many toes do you have altogether? Count them and write.

Chest

This is my chest. When I breathe, it brings in fresh air and pushes out old air. Take a deep breath and feel your chest move up and down.

Beyond the Page

We use our hands to eat and our legs to stand. Can you name other things we do with our hands and legs?

Teacher's Treasure

Sing songs or say rhymes about body parts to make learning fun and simple for little children.

Experiential Learning

Stomach

When we eat, food goes to our stomach. The stomach helps us break down the food we eat.

Taking Care of Our Body

Every part of our body has its own job. It is important to look after our body. We should keep it clean, strong and healthy.

Sense Organs

We have five **sense** organs. They are our eyes, ears, nose, tongue and skin. They help us know and explore the world around us.

Intellectual Development/Experiential Learning

CG-2, CG-2.1, CG-2.2, CG-2.3, CG-7, CG-7.1

Beyond the Page

Write down the functions of sense organs.

- ♦ Eyes help us _____ things.
- ♦ Ears help us _____ sounds.
- ♦ Nose helps us _____ things.
- ♦ Tongue helps us _____ food.
- ♦ Skin helps us _____ things.

Smart Sparks

Testimony

Your skin is the biggest part of your body.

Let's Sum It Up!

- 1 Our body has parts we can see and parts we cannot see.
- 2 We use our five senses to learn about the world.
- 3 The eyes help us to see, ears help us to hear and nose helps us to smell.
- 4 We should keep our body clean and fit.
- 5 Looking after our body helps us stay strong and happy.

Smart Words

- ★ **blink** : quickly shut and open eyes
- ★ **breathe** : taking air into lungs and letting it out
- ★ **smell** : to feel scent with nose
- ★ **sense** : to feel or understand something

Brain Play

A. Choose the correct option.

Remembered Perception/Conceptual Understanding

CG-2, CG-2.1, CG-2.4; CG-7, CG-7.1

1. I can listen to sounds with my _____ (ears/mouth).
2. I breathe with my _____ (nose/hands).
3. I can walk with my two _____ (hands/legs).
4. I can see with my _____ (nose/eyes).
5. I can taste food with my _____ (tongue/ears).

B. Write T for true and F for false statements.

Remembered Perception/ Critical Thinking

CG-2, CG-2.1, CG-2.4; CG-7, CG-7.1

1. We have three eyes.
2. We use our nose to smell things.
3. Our legs help us jump and run.
4. Our tongue helps us hear.
5. We have ten fingers.

C. Match the columns.

Columns A

1. Eyes
2. Ears
3. Teeth
4. Arms

Columns B

- a. Help us chew food
- b. Help us see
- c. Help us hear
- d. Help us carry things

D. Answer the following questions.

Mental Development/Critical Thinking

CG-4, CG-4.1

1. What are the body parts inside our body that we cannot see called?
2. Which body part is called the "boss of our body"?
3. Where does the food go after we eat it?
4. How many sense organs do we have?
5. Which sense organ helps us to feel things?

LEARNING LAB

Activities that spark thinking and creativity!

Picture-based questions.

Direct Perception/Critical Thinking

CG-2, CG-2.4; CG-7, CG-7.1

See the picture and answer these questions.

1. Name the picture.

2. How does it help us?

ART Integration Activity

Intellectual Development/Creative Thinking

CG-12, CG-12.4

Draw a person. Use bright colours to show the head, arms, legs, eyes, ears, nose and mouth. You can also colour the clothes.

Life Skills

Physical Development/subject Integration

CG-1, CG-1.2

We should wash our hands before and after eating. Write any two healthy habits you follow to keep your body strong.

Vocational Education

Intellectual Development/Future Ready

CG-13, CG-13.3

When we feel sick or have pain in our body, we visit a doctor. When you grow up, you can also be a doctor and help people.

3

Our Community

Learning Objective

To learn about:

- ★ What is a neighbourhood?

Warm Up

Presumption/Experiential Learning

CG-5, CG-5.1

Ankita and Shivam saw Uncle Ravi, the postman, giving our letters. At the park, they met a gardener watering plants. "Everyone in our **community** helps each other," Ankita said with a smile.

1. Name some people in your community who help you every day.
2. How can you help others in your community?
(**Hint:** You can help by being kind, sharing things and keeping your community clean).

What Is A Neighbourhood?

- ★ A **neighbourhood** is the area near our home.
- ★ It has people and places that help us.
- ★ Neighbours are the people who live close to us.

Let's Get Active!

Direct Perception

CG-7, CG-7.1, CG-7.2

Think about the places you go to every day in your neighbourhood. Write their names.
How can you help keep them clean?

Experiential Learning

Teacher's Treasure

Tell the children why it is important to keep their neighbourhood clean. Let them promise to throw garbage in bins and plant trees to help their community.

Places in My Neighbourhood

Park

A park is a large open place with trees, ponds and paths for walking and playing.

Park

Playground

Playground

A playground is a place to play games like cricket and football. It also has swings, slides and see-saws for fun.

Smart Sparks

Testimony

Neat neighbourhood is a happy neighbourhood.

School

- ★ We go to school to read, write and learn new things.
- ★ Teachers teach us many subjects and lessons.
- ★ We play and share our snacks with friends.
- ★ Teachers help us with fun activities like stories and games to make learning happy.

School

Beyond the Page

Intellectual Development/Creative Thinking

CG-4, CG-4.1

Who teaches you in your class? Can you write the names of your teachers?

Police Station

- ★ People go to the police station to report accidents or theft.
- ★ Police officers help keep the neighbourhood safe.

Police Station

Hospital

Hospital

- ★ We go to the hospital when we feel sick.
- ★ Doctors take care of patients who are sick.
- ★ Hospitals give treatments and do surgeries to help people.

Market

Market

- ★ A market has many shops that sell different things.
- ★ We go to the market to buy items like food, clothes, shoes and medicines.

Beyond the Page

Mental Development/subject Integration CG-8, CG-8.6, CG-8.13

If a shopkeeper sells five apples, three bananas and two oranges, how many fruits does he sell altogether?

Post Office

- ★ At the post office, we can buy stamps, envelopes and postcards.
- ★ We drop letters in the post box. The postman delivers them.
- ★ We can also send parcels from the post office.

Post Office

Post Box

Knowledge of India

The General Post Office (GPO) in Mumbai is one of the biggest and oldest post offices in India. It was built in 1913.

Let's Get Active!

Direct Perception/Experiential Learning

CG-7, CG-7.1

1. Have you seen a post box like this? Do you know what it is used for?
2. Who takes care of us when we feel sick?

Let Us Learn About People Who Help Us

- ★ Different people do different kinds of jobs.
- ★ We need help because we cannot do everything alone.
- ★ People learn and practise to do their jobs. Their work is called their **occupation**.

Smart Sparks

Testimony

Whether it is a sweeper cleaning the streets or a teacher helping us to learn, every job is important and helps our community.

1

A **greengrocer** sells fresh fruits and vegetables.

2

A **doctor** helps us when we feel sick.

3

A **postman** brings letters to our homes.

4

A **carpenter** builds and makes furniture.

5

A **teacher** teaches us and helps us to learn.

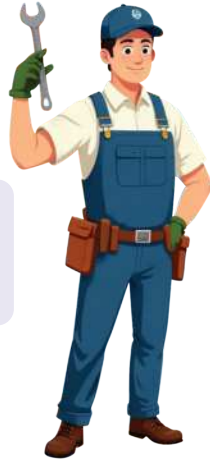

6

A **guard** keeps our homes and offices safe.

7

A **plumber** repairs leaking taps and pipes.

8

A **police officer** protects us from thieves and keeps us safe.

9

A **tailor** stitches our clothes.

10

A **sweeper** cleans the streets and keeps our homes clean and tidy.

Let's Sum It Up!

1. A neighbourhood is the area near our home.
2. Schools, hospitals, markets and parks are important places in our neighbourhood.
3. Community helpers like doctors, teachers, postmen and police officers help us in many ways.
4. We should keep our neighbourhood clean by using bins and planting trees.
5. We must respect and help the people who work for our community.

Teacher's Treasure

Experiential Learning

Help the children make simple 'Thank You' cards for community helpers like the watchman, police officer, doctor or teacher. Talk about why we should respect and appreciate their work. We should be kind to people who help us and always treat them with respect.

Smart Words

- ★ **community** : a group of people who live together in one area
- ★ **neighbourhood** : the area near our home
- ★ **surgery** : a special kind of medical treatment where a doctor uses tools to fix, remove or repair a part of the body that is sick or hurt.
- ★ **occupation** : a job or a profession

Brain Play

A. Choose the correct option.

Remembered Perception/Conceptual Understanding

CG-4, CG-4.5; CG-7, CG-7.1

1. A doctor works in a _____ (hospital/school).
2. A postman delivers _____ (clothes/letters).
3. We should keep our community _____ (clean/dirty).
4. A neighbourhood is the area around our _____ (school/house).
5. We go to school to _____ (play all day/read, write and learn).

B. Write T for true and F for false statements.

Remembered Perception/ Critical Thinking

CG-4, CG-4.5; CG-6, CG-6.1; CG-7, CG-7.1

1. A neighbourhood includes people and places that help us. _____
2. A police officer works in a hospital. _____
3. A greengrocer sells fruits and vegetables. _____
4. A sweeper cleans the streets and homes. _____
5. We should throw trash on the roads. _____

C. Match the columns.

Column A

1. Park
2. School
3. Post Office
4. Hospital
5. Market

Column B

- a. Doctors treat patients.
- b. Has trees and ponds.
- c. Shops selling different items.
- d. Sends letters and parcels.
- e. Teachers and students.

D. Answer the following questions.

Mental Development/Critical Thinking

CG-4, CG-4.1

1. Who are neighbours?
2. Where do we go to report accidents or theft?
3. What is an occupation?
4. Who repairs leaking taps and pipes in our neighbourhood?

Activities that spark thinking and creativity!

Picture-based questions.

Look at the picture and answer the following questions:

1. What do you see in the picture?

2. What are they doing together?

Direct Perception/Critical Thinking

CG-7, CG-7.1

Integration Activity

Draw a picture of someone who helps in your community, like a doctor, postman or a watchman. Colour it nicely and write one sentence about how they help others.

Intellectual Development/Art Integration

CG-12, CG-12.3

Vocational Education

Intellectual Development/Future Ready

CG-13, CG-13.3

In our community, people have different jobs to help others. When you grow up, you can also choose a job you like and help everyone around you.

4

My School

Learning Objective

To learn about:

- ★ Following school rules.

Direct Perception/Experiential Learning

CG-1, CG-1.3; CG-5, CG-5.1

Warm Up

Aarav and Meera loved their school. Every morning, they wished their teacher with a big smile. In class, they learned new things and played with friends. At lunch, they shared food and laughed together.

One day, Meera saw the sweeper cleaning the classroom. "Our school is clean because of him," she said. Aarav nodded, "Everyone in school helps make it a happy place."

1. What do you like most about your school?

Hint: Think about your favourite class activity, teacher or place in school.

2. How do you help keep your school clean?

Hint: You can throw waste in the bin, keep your desk tidy and help friends clean up.

Following School Rules

We all go to school.

Here, we learn to read and write.

We discover many new things.

We learn to follow rules and behave well.

We also learn how to be kind and do good deeds.

Remembered Perception/ Critical Thinking

CG-4, CG-4.1

Let's Get Active!

1. What is the name of your school?
2. What subjects do you learn in your school?

Knowledge of India

Long ago, schools were called Gurukuls. A Gurukul is a place where students stayed with their Guru (Teacher) and learned many new things.

Every morning, we say our prayers together in a big hall. This is called the morning assembly.

Auditorium

Classroom

After prayers, we go to our classroom. Our teacher teaches us many new things.

Beyond the Page

Direct Perception/Critical Thinking CG-7, CG-7.1

See the pictures and write the activities you do in your school.

We learn many new things at school, such as learning about computers.

Teacher's Treasure

Experiential Learning

Take the students on a school tour to see places like the library, playground and office. At each place, ask them to name it and talk about its use.

Computer Lab

Smart Sparks

Testimony

Takshashila was a huge school with more than 10,000 students and 200 teachers. Students came from faraway places like China, Arabia and Greece to study there.

Our school has many teachers. They teach us different subjects. When teachers are free, they sit in the staff room. They help us learn and answer our questions. They also teach us good behaviour and **manners**.

Our school has a **principal**. The principal looks after the school. She/He make sure everything works well. She/He also helps us become good students. The principal sits in the Principal's Office.

Let's Get Active!

Remembered Perception/ Critical Thinking

CG-7, CG-7.1

1. Where do teachers sit when they are not teaching?
2. Who makes sure the school runs well?

We also have a break time at school.
We eat our **tiffin** during the break.
We should share and enjoy our food together.

Beyond the Page

Development Of Life Energy/Experiential Learning

CG-1, CG-1.3

Before eating your tiffin, what should you do to stay clean and healthy?

Knowledge of India

In a village called Narapanenipalle, in Telangana, there is a very tiny school. This school has only one teacher and one student. It is known as the smallest school in India.

We should always reach school on time.

We should keep our school neat and clean.

We should listen to and **respect** our teachers and principal.

Let's Sum It Up!

1. We start our school day with a morning prayer.
2. The teachers help us learn new things and good manners.
3. The principal makes sure the school runs well.
4. During breaks, we eat our tiffin and share it with friends.
5. It is important to be on time, keep the school clean and respect our teachers and principal.

Smart Words

- | | |
|---|--|
| ★ manners : polite and good ways of behaving | ★ tiffin : a small meal or snack, usually from home |
| ★ principal : the leader or head of the school | ★ respect : being kind, polite and treating others well |

Brain Play

A. Choose the correct option.

Remembered Perception/Conceptual Understanding

CG-4, CG-4.5, CG-7, CG-7.1

1. Our teacher teaches us _____ (bad manners/good manners).
2. During the break, we eat our _____ (tiffin/dinner).
3. The principal takes care of the _____ (bus/school).
4. In the morning, we say our _____ (songs/prayers).
5. After the prayer, we go to our _____ (classroom/playground).

B. Fill in the empty boxes.

Remembered Perception/ Critical Thinking

CG-4, CG-4.5, CG-9, CG-9.7

1. We learn how to be KN and do the right things.
2. Our teacher helps us learn NW things.
3. Teachers sit in the SAR .
4. We should keep our school tidy and CEN .
5. We should listen to and respect our TAHS .

C. Write T for true and F for false statements.

Remembered Perception/ Critical Thinking

CG-4, CG-4.5; CG-7, CG-7.2

1. We learn to follow rules and behave well in school.
2. Teachers sit in the staffroom when they are free.
3. The principal gives us our tiffin during break.
4. We all go to school every day.
5. We say our prayers in the evening at school.

D. Answer the following questions.

Mental Development/Critical Thinking

CG-4, CG-4.1

1. Where do students say their morning prayers together?
2. Where do teachers sit when they are free?
3. Who looks after the whole school and makes sure everything works well?

LEARNING LAB

Activities that spark thinking and creativity!

Picture-based questions.

Direct Perception/Critical Thinking

CG-7, CG-7.1

Look at the picture and answer the following questions:

1. What do we do in this room?
2. Identify the room shown in the picture.

ART Integration Activity

Intellectual Development/Creative Thinking

CG-12, CG-12.1

Draw five items you bring to school every day and colour them.

Vocational Education

Intellectual Development/Future Ready

CG-13, CG-13.3

A principal is the head of a school. He/She is responsible for its overall management and direction. You can think of becoming a principal once you grow up.

5

Staying Safe

Learning Objective

To learn about:

- ★ Staying safe at home.
- ★ Staying safe at school.
- ★ Staying safe on the road
- ★ Safe touch and Unsafe touch

Direct Perception/Critical Thinking

CG-1, CG-1.5, CG-1.6

Warm Up

See the picture. It shows children crossing the road in different ways.

1. Which children are crossing the road safely?
2. Which children are crossing the road unsafely?
3. Why is it important to cross the road safely?

Sometimes, things that are helpful can become dangerous if we do not use them properly. We must always be careful.

We should remember these important points:

Staying Safe at Home

- ★ Keep your toys in a toy box after playing. Do not leave them on the floor.
- ★ Never touch open plug sockets, electric wires or a hot iron with wet hands.

Teacher's Treasure

Experiential Learning

Ask the students to pick up toys, books or papers from the floor and put them in the right place. This will help them learn to keep their surroundings safe and tidy.

- ★ Do not play with fire, matches or fireworks.
- ★ Listen to your parents and other adults at home to stay safe and avoid accidents.

Put your toys neatly
in a toy box.

Never play with
sharp objects.

Do not eat anything
given by a stranger.

Beyond the Page

Intellectual Development/Creative Thinking

CG-1, CG-1.4, CG-7, CG-7.2

What can happen if we touch an electric wire with wet hands? Why must we be careful?

Staying Safe at School

Always walk one by
one on the stairs.

Do not stand at the
bottom of the slides.
Wait for your turn.

Throw your trash in the bin
or someone could slip
on it and get hurt.

Staying Safe on the Road

- ★ Sit properly when you are in a moving vehicle.
- ★ Play or run only in the playground.
- ★ Always cross the road with an adult.
- ★ Before crossing, look right, then left and then right again.
- ★ Cross the road on the zebra crossing, which has black and white stripes on the road.

Sitting Properly

Play in Playground.

Cross road with adult.

Use Zebra Crossing.

Traffic Lights

Traffic lights keep us safe.

- Red means Stop.
- Green means Go.
- Yellow means Slow down.

Remembered Perception/Critical Thinking

CG-1, CG-1.5, CG-1.6

Let's Get Active!

Have you ever crossed the road with an adult? How did you stay safe while crossing?

Smart Sparks

Testimony

Zebra crossings are called zebras because they have black and white stripes, just like the animal.

Safe Touch and Unsafe Touch

Safe Touch	Unsafe Touch
A gentle touch that makes you feel happy and safe. Example: A hug from your parents, a high-five or a pat on the back.	A touch that makes you feel uncomfortable or unsafe. Example: A push, slap or touch on private areas where no one should touch you.

Knowledge of India

India has a special helpline number, **1098**, for children who need help. You can call this number if you ever feel scared or unsafe.

Experiential Learning

Teacher's Treasure

Play a game where students walk when you say "Green," slow at "Yellow," and stop at "Red." This helps them learn traffic light rules in a fun way. Show them a video of how traffic lights work.

Let's Get Active!

Remembered Perception/ Critical Thinking

CG-2, CG-2.5

1. What is a safe touch?
2. Who should you tell if someone touches you in a way that is not safe?

It is bad touch if...

someone touches you in an unsafe way.

It is bad touch if...

someone hurts you.

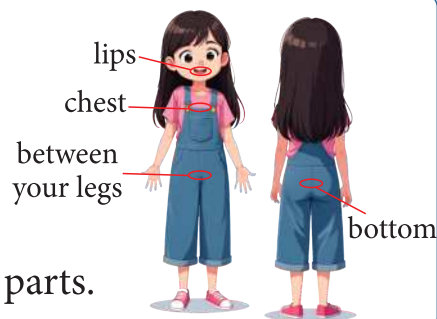

It is bad touch if...

the touch makes you feel sad or scared.

It is bad touch if...

someone touches your private body parts.

Smart Sparks

Testimony

If a touch makes you feel unhappy or unsafe, you should say '**NO**' loudly and tell a trusted adult.

Beyond the Page

Intellectual Development/Creative Thinking

CG-1, CG-1.6

What should you do if a stranger gives you a chocolate?

If you ever feel unsafe, it is important to speak out. You can tell a **trusted** adult, like your parents, teacher or another grown-up you trust. They will help keep you safe and make sure you feel okay.

Teacher's Treasure

Experiential Learning

Explain to the students about safe touch and unsafe touch like this: There are "no-touch zones" on your body, such as private parts (the areas covered by your **swimsuit**). No one should touch these areas, except a doctor or parent when it is needed for your health or safety.

Let's Sum It Up!

1. Always stay safe at home, in school and on the road.
2. Follow traffic rules and use zebra crossings to cross the road safely.
3. Keep your surroundings clean to avoid accidents.
4. Learn the difference between safe touch and unsafe touch.
5. If you feel unsafe, tell a trusted adult or call 1098.

Smart Words

- ★ **accident** : something unexpected that can cause harm
- ★ **traffic light** : a signal that helps control vehicles on the road
- ★ **swimsuit** : clothes worn for swimming in water
- ★ **trusted** : someone you can depend on

Brain Play

A. Choose the correct option.

Remembered Perception/Conceptual Understanding

CG-1, CG-1.5, CG-1.6

1. A yellow traffic light means _____ (stop / slow down).
2. If you feel unsafe, tell a _____ (trusted adult / a stranger).
3. Always throw your trash in _____ (the bin / on the ground).
4. Before crossing the road, always look _____ (run quickly / both ways).
5. After playing, put your toys _____ (in a toy box / on the floor).

B. Fill in the empty boxes.

Remembered Perception/ Critical Thinking

CG-1, CG-1.6; CG-4, CG-4.5

1. Always walk in a

L		N
---	--	---

 on the stairs.
2.

R		D
---	--	---

 means stop at the traffic light.
3. A safe touch makes you feel

H		P	P
---	--	---	---

 .
4. Before crossing the road, look right,

L		F
---	--	---

 and then

R		G		T
---	--	---	--	---

 again.
5. Always sit

P		O		E	R		Y
---	--	---	--	---	---	--	---

 in a moving bus or car.

C. Write T for true and F for false statements.

Remembered Perception/Critical Thinking

CG-1, CG-1.6

1. We should throw trash in the bin.
2. Green light means stop.
3. We should wait for our turn on swings.

4. You should always cross the road alone.
5. It is safe to play with matchsticks.

D. Answer the following questions.

Mental Development/Critical Thinking CG-4, CG-4.1

1. Why should we not leave our toys on the floor after playing?
2. Where should we cross the road safely?
3. What do the three colors of a traffic light mean?

LEARNING LAB

Activities that spark thinking and creativity!

Picture-based questions.

Direct Perception/Critical Thinking CG-1, CG-1.5, CG-6, CG-6.1

Look at the picture and answer the following questions:

1. What can happen if trash is left on the ground?
2. Why should we always use a bin?

ART Integration Activity

Intellectual Development/Creative Thinking CG-12, CG-12.1, CG-12.3

Draw and colour a traffic light. Show the three colours and what they mean.

Vocational Education

Intellectual Development/Future Ready CG-5, CG-5.1; CG-13, CG-13.3

When you grow up, you can choose a job that keeps people safe. A traffic police officer helps people cross the road safely. A lifeguard helps swimmers in the water. A doctor takes care of people when they are hurt or sick.

6

Our House

Learning Objective

To learn about:

★ Need of shelter

★ Types of houses

★ Room in houses

Direct Perception/Experiential Learning

CG-4, CG-4.1; CG-5, CG-5.1

Warm Up

Kiaan and Tanya loved their home. Every morning, they helped tidy up. Tanya watered the plants and Kiaan put away his toys.

In the evening, they sat with their family. Mother told stories and everyone smiled. "Our home is special because we care for it", said mother.

1. How do you help at home?

Hint: Do you tidy your room, put away toys or help your mother?

2. Which is your favourite room in your home? Why?

Need A Shelter

We all need a **shelter** to live.

We live in a house.

Our house keeps us safe.

Our house protects us from:

Heat

Rain

Cold

Storm

Robbers

Wild animals

We feel happy and safe in our house. Our house provides us with:

Rest

Peace

Comfort

Types of Houses

A house can be large or small.

A **bungalow** is a large house.

A **hut** is a tiny house.

A house can be simple or strong.

A **simple house** is called a hut.

A **strong house** can be a block of flats.

A simple house is made of mud, straw and wood.

A strong house is made of bricks, cement, stone and iron.

Look around and spot different kinds of houses near your home.

Rooms in Houses

A large house has many rooms, such as a bedroom, study room, bathroom, kitchen, living room and dining room.

Drawing room

Study room

Kitchen

Dinning room

Bedroom

Bathroom

We should always keep our home **neat** and clean.

Knowledge of India

- The Rashtrapati Bhavan is the home of the President.
- Traditional houses in Rajasthan are made of clay and have flat roofs.

Let's Sum It Up!

1. We live in a home.
2. A home keeps us safe and comfortable.

3. Some homes are big and some are small.
4. There are two types of homes – simple and strong homes.
5. We should always keep our home clean.

Smart Words

- ★ **shelter** : a place that keeps us safe and secure
- ★ **bungalow** : a large house
- ★ **neat** : tidy and clean

Brain Play

A. Choose the correct option.

Remembered Perception/Conceptual Understanding

CG-7, CG-7.1

1. A house protects us from _____ (heat and rain/toys and books).
2. A pucca house is made of _____ (mud/cement).
3. We should keep our house _____ (clean/dirty).
4. A bungalow is a _____ (big/small) house.
5. A hut is made of _____ (bricks/straw).

B. Fill in the empty boxes.

Remembered Perception/ Critical Thinking

CG-7, CG-7.1

1. We live in a

H		U		E
---	--	---	--	---

 .
2. Some houses are big and some are

S		A		L
---	--	---	--	---

 .
3. A kachcha house is made of mud and

S		R		W
---	--	---	--	---

 .
4. A house keeps us

C		M		O	R		A	B		E
---	--	---	--	---	---	--	---	---	--	---

 and safe.
5. A big house has many

R			M	S
---	--	--	---	---

 .

C. Match the columns.

Remembered Perception/ Critical Thinking

CG-7, CG-7.1

Column A

1. Bungalow
2. Hut
3. Pucca house
4. Bedroom
5. Kitchen

Column B

- a. a place to cook food
- b. made of bricks and cement
- c. made of mud and straw
- d. a big house
- e. a place to sleep

D. Answer the following questions.

Mental Development/Critical Thinking

CG-4, CG-4.1

1. Why do we all need a house?
2. What materials are used to make a simple house like a hut?
3. What materials are used to make a strong house?
4. Name any three rooms found in a large house.
5. How should we always keep our home?

LEARNING LAB

Activities that spark thinking and creativity!

Picture-based questions.

Direct Perception/Critical Thinking

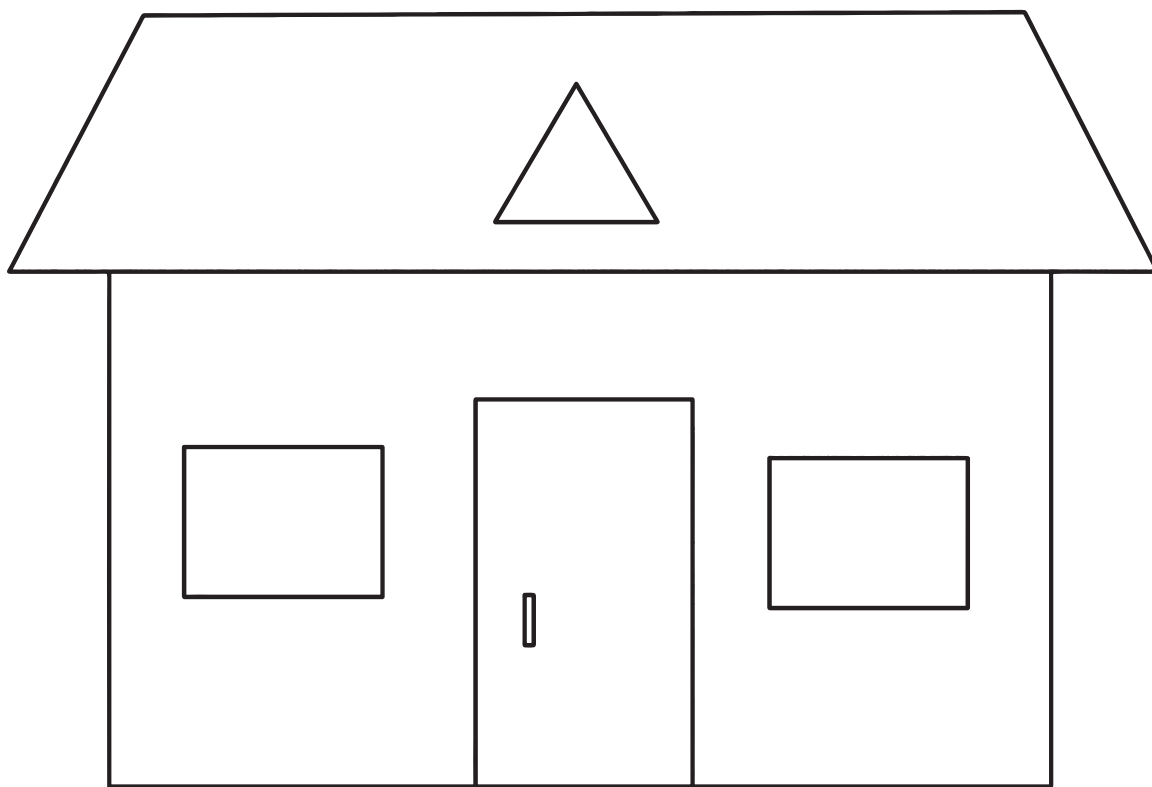

CG-7, CG-7.1

Look at the picture and answer the following questions:

1. What is this house called?
2. Which material is used to make this house?

Colour the picture of the house.

Vocational Education

An architect is a person who plans and designs buildings. He helps make houses, schools, hospitals and offices. If you like drawing and building things, you can become an architect when you grow up.

Test Paper

A. Choose the correct option.

1. We should say _____ (thank you/sorry) when someone helps us.
2. I can see with my _____ (nose/eyes).
3. We should keep our house _____ (clean/dirty).
4. A neighbourhood is the area around our _____ (school/house).
5. In the morning, we say our _____ (songs/prayers).

B. Fill in the empty boxes.

1. The children of our uncles and aunts are our

C		U			N	S
---	--	---	--	--	---	---
2. We learn how to

K		N	
---	--	---	--

 be and do the right things.
3. A safe touch makes you feel

H		P	P	
---	--	---	---	--

 .
4. A house keeps us

C		M		O	R		A	B		E
---	--	---	--	---	---	--	---	---	--	---

 and safe.

C. Write T for true and F for false statements.

1. A small family has many people living together.
2. Our tongue helps us hear.
3. We should throw trash on the roads.
4. It is safe to play with matchsticks.
5. We all go to school every day.
6. It is safe to play with matchsticks.

--

--

--

--

--

D. Match the columns.

Column A

1. brother and sister
2. school
3. bedroom
4. hospital

Column B

- a. doctors treat patients
- b. a place to sleep
- c. teachers and students
- d. siblings

E. Answer the following questions.

1. What is a family?
2. What is another name for a small family?
3. What are the body parts inside our body that we cannot see called?
4. How many sense organs do we have?
5. Who are neighbours?
6. Where do we go to report accidents or theft?
7. Where do students say their morning prayers together?
8. When do students eat their tiffin at school?
9. Why should we not leave our toys on the floor after playing?
10. What materials are used to make a simple house like a hut?
